European water label scheme

Many of our products are registered with the Water Label scheme. The scheme identifies water saving products, that when installed and used correctly, will use less water, saving energy and money. The Water Label is used across Europe for most bathroom products.

Throughout our brochure we have used the one-line version of the label as shown above, the flow rate classification is measured at 3 bar pressure.

The Water Regulations Advisory Scheme (WRAS) specialises in certifying all products using drinking water. Throughout the brochure we have featured the details for WRAS approved products.

Carmen Bathroom Collection

Designed in 1946, updated with today's best technology.

Carmen WCs integrate the most innovative technologies and materials in the design of bathroom spaces.

RIMLESS

The WCs have a new optimised design to provide greater hygiene.

EASIER TO CLEAN

Smooth interior walls and no rims.

MORE ECOLOGICAL

Dual flush lever operated cistern providing a 4.5/3 litre flush.

HYGIENIC

Uniform distribution of water washes the entire surface of the bowl.

SUPRALIT®

The seats and covers of the WCs and bidets are manufactured with SUPRALIT®, a resin exclusive to Roca.

MORE DURABLE

30% stronger and 12% more resistant to chemicals and discolouration.

EASIER TO CLEAN

Surface with smoother, rounded edges.

SOFT-CLOSE

Seats and covers are available with soft-close hinges for smooth operation, avoiding unexpected loud noises.

MORE HYGIENIC

4 times less porous material.

FURNITURE

SPACE-SAVING WASTE

Includes Roca's space-saving waste to maximise storage space available within the unit.

FULL EXTRACTION DRAWERS

Drawers which fully extend when opened.

CHROME HANDLES

The round chrome handles provide a traditional look, made from a hard wearing material protecting against corrosion in the bathroom.

SATIN COLOUR FINISHES

The Carmen furniture is available in White Satin and Anthracite Satin finishes.

MARBLE COUNTERTOP

Venato White and Marquina black countertop options are available for the 1300mm base unit.

SOFT AND SELF-CLOSE OPENING

The runners and hinges gently close the drawers and doors reducing unwanted noises in the bathroom.

FLOOR-STANDING

Delicately styled floor-standing legs provide a timeless look.

TEXTURED INTERIOR DRAWER FINISH

A touch of luxury is added to the bathroom with the textured interior drawer finish.

BRASSWARE

TWIN-LEVER OR SINGLE-LEVER

Carmen taps are available in Twin-lever and Single lever options, providing a contemporary twist on traditional style to suit all bathroom spaces.

CERAMIC DISC

Ceramic disc cartridges are hard wearing and long lasting to provide a watertight seal.

EVERSHINE®

A hard wearing chrome plated finish, designed to last and easier to clean.

ECO

The flow rate is 5 litres per minute when set at 3 bar pressure, reducing household water bills

Basins and furniture

Discover the wide range of basin and furniture options and choose the one that best adapts to your bathroom space and your lifestyle.

PRISMA

SPACE-SAVING WASTE

Includes Roca's space-saving waste to maximise storage space available within the unit.

HIDDEN INTERNAL DRAWER

Keep small items organised with the hidden internal drawer.

SOFT AND SELF-CLOSE DRAWERS

The runners gently close the drawers reducing unwanted noises in the bathroom.

FULL EXTRACTION DRAWERS

Drawers which fully extend when opened.

1 OR 2 DRAWER OPTIONS

1 or 2 drawers are available providing different storage solutions.

SHELF OPTIONS

The 1100mm asymmetrical basins feature an additional shelf area providing extra space for accessories.

TEXTURED INTERIOR DRAWER FINISH

A touch of luxury is added to the bathroom with the textured interior drawer finish.

SLIM HANDLE

The centralised handle allows ease of use when opening the unit.

MULTIPLE COLOUR FINISHES

Textured and high-gloss finishes are available in four different options, including a dual colour, textured oak and gloss white finish.

DAMA-N

SPACE-SAVING WASTE

Compatible with Roca's space-saving waste to maximise storage space available within the unit.

DOORS OR DRAWERS

2 drawers or 1 door options are available, providing different storage solutions.

SOFT AND SELF-CLOSE OPENING

The runners and hinges gently close the drawers reducing unwanted noises in the bathroom.

CURVED PROFILE

A soft edged profile is provided on the drawer and door frontals which complement the Dama-N basin design.

STANDARD AND COMPACT SIZES

Available in several standard sizes: 700mm, 600mm & 550mm, and compact sizes; 500mm, 450mm and 400mm.

COLUMN UNIT

A 1200mm column unit is available maximising on storage space in the bathroom.

EASY OPENING HANDLE

The curved chrome handle allows ease of use when opening the unit.

MULTIPLE COLOUR FINISHES

Textured, matt and high-gloss finishes are available in three different colour options, including gloss white and two new finishes; matt cashmere and textured birch.

Complementary
sanitary ware
range available

THE GAP-N

SPACE-SAVING WASTE

Includes Roca's space-saving waste to maximise storage space available within the unit (Applicable to 1 drawer units only).

SOFT AND SELF-CLOSE OPENING

The runners and hinges gently close the drawers and doors reducing unwanted noises in the bathroom.

EASY OPENING HANDLE

The centralised chrome handle allows ease of use when opening the unit.

CURVED PROFILES

The edges of the units are curved, providing a soft, contemporary look.

DOORS OR DRAWERS

2 drawers, 1 drawer or 1 door options are available, providing different storage solutions.

Reduced capacity baths

CONTESA

Our wide range of acrylic and steel baths are available in many shapes, styles and sizes, including eco variants with reduced water capacities. Our most popular baths now have reduced water capacities, meaning you have a wider choice of baths to suit your style and budget.

STEEL

LOW CAPACITY

Lowered capacity of 156 litres, meeting new requirements from building regulations.

DURABILITY

Durable and built to last, all our baths come with a 25 year guarantee.

STAIN AND IMPACT RESISTANT

Roca steel baths are manufactured at ultra-high temperatures to ensure stain and impact resistance.

TAPHOLES

0 and 2 tap hole options available.

GRIPPED OPTIONS

Gripped options are available on selected models.

SLIP RESISTANT BASE

Anti-slip options are available on selected models.

ACRYLIC

LOW CAPACITY

Lower literage capacity of 156 litres, meeting new requirements from building regulations.

DURABILITY

Durable and built to last, all our baths come with a 25 year guarantee.

FULLY ENCAPSULATED BASE BOARD

Base boards are coated with a thick layer of GRP providing additional strength and rigidity to the bath and protecting the base board against moisture.

SINGLE-ENDED AND DOUBLE-ENDED

Single-ended and Double-ended options available.

LEGSETS

Our acrylic baths come with legsets and fixings as standard.

Reduced capacity baths

Mirrors

Our new **Sol** mirrored cabinets are the ideal solution to create extra storage and maximise the wall area available. **Iridia** mirrors provide a luxurious addition to any bathroom setting, with integrated LED lights creating an illuminated ambiance, perfect for those daily rituals.

SOL

LED LIGHTING

Energy-efficient LED lighting with IP44 rating, creating ambient lighting for your daily rituals. Sol Premium cabinets feature an additional internal LED light.

SHAVER SOCKET WITH COVER

The integrated socket is discreetly hidden inside the cabinet.

SHELVING

Each cabinet has two glass shelves which are easy to wipe clean and can be adjusted, enabling larger items to be effortlessly stored.

ALUMINIUM CABINET

Aluminium framed cabinets provide a timeless look for any bathroom space.

INTEGRATED DEMISTER PADS

Sol Premium cabinets feature integrated demister pads within the cupboard doors, preventing the mirror from steam when the bathroom is in use.

DIFFERENT SIZES

The Sol collection comprises of mirrored cabinets in four widths - 1000, 800, 600 and 400mm - all measuring 700mm tall.

HANG 'N' LOCK SYSTEM

Designed for a single person installation thanks to its innovative bracket. The Hang 'n' Lock system makes fitting a Sol mirrored cabinet, quick and easy.

DOUBLE SIDED MIRRORED DOORS

Providing a mirror to use even when the door is open.

180° DOOR OPENING

The cabinet doors open 180° allowing you to easily locate your bathroom items.

IRIDIA

DEMISTER

The demister device will prevent condensation, ensuring your mirror stays steam free.

MIRROR SHAPES

Iridia Round mirrors are available in Ø800 and Ø1000mm.

Iridia Rectangular mirrors are available in 4 widths: 400, 600, 800 and 1000mm all measuring 700mm tall.

TOUCH SENSOR

Iridia mirrors are touch sensor activated, the mirror can be turned on/off by simply pressing the sensor area, located at the base of the mirror.

LED LIGHTING

Energy-efficient LED lighting with IP44 rating, creating ambient lighting for daily rituals.

Brassware

INSIGNIA

Our wide range of brassware is designed with the most innovative design and latest technology to meet all your requirements, from cutting-edge solutions to more classical designs. At Roca we strive to achieve minimum water consumption without compromising on the quality or design.

L90C

COLD START

The flow always starts with cold water meaning water systems are only activated when hot water is required thereby saving energy.

CERAMIC DISC

Ceramic disc cartridges are hard wearing and long lasting to provide a watertight seal.

SOFTURN®

Achieve the highest level of control, precision and comfort when selecting your desired water flow and temperature

EVERSHINE®

A hard wearing chrome plated finish, designed to last and easier to clean.

COMPACT DESIGN

L90C provides a stylish compact tap solution, ideal for cloakrooms or compact basins.

1/2" FLEXIBLE TAILS AND FLOW STRAIGHTENERS

The taps come with 1/2" flexible tails and flow straighteners, suitable for low pressure systems.

ECO

The flow rate is 5 litres per minute when set at 3 bar pressure, reducing household water bills

NAIA

DIFFERENT HEIGHTS

Four available heights to choose from each designed to provide the most comfortable solution for your basin type.

CERAMIC DISC

Ceramic disc cartridges are hard wearing and long lasting to provide a watertight seal.

SOFTURN®

Achieve the highest level of control, precision and comfort when selecting your desired water flow and temperature

EVERSHINE®

A hard wearing chrome plated finish, designed to last and easier to clean.

COLD START

The flow always starts with cold water meaning water systems are only activated when hot water is required thereby saving energy.

ECO

The flow rate is 5 litres per minute when set at 3 bar pressure, reducing household water bills

1/2" FLEXIBLE TAILS

Naia taps come with 1/2" flexible tails, suitable for low pressure systems.

MONODIN-N

COLD START

The flow always starts with cold water meaning water systems are only activated when hot water is required thereby saving energy.

CERAMIC DISC

Ceramic disc cartridges are hard wearing and long lasting to provide a watertight seal.

SOFTURN®

Achieve the highest level of control, precision and comfort when selecting your desired water flow and temperature

EVERSHINE®

A hard wearing chrome plated finish, designed to last and easier to clean.

ECO CLICK

As the tap handle is raised, a slight resistance is reached at 50% of the water flow; lifting beyond this bite point produces a full flow, saving water and energy.

ECO

The flow rate is 5 litres per minute when set at 3 bar pressure, reducing household water bills.

1/2" FLEXIBLE TAILS AND FLOW STRAIGHTENERS

The taps come with 1/2" flexible tails and flow straighteners, suitable for low pressure systems.

COLD START

The flow always starts with cold water meaning water systems are only activated when hot water is required thereby saving energy.

CERAMIC DISC

Ceramic disc cartridges are hard wearing and long lasting to provide a watertight seal.

SOFTURN®

Achieve the highest level of control, precision and comfort when selecting your desired water flow and temperature

EVERSHINE®

A hard wearing chrome plated finish, designed to last and easier to clean.

ECO

The flow rate is 5 litres per minute when set at 3 bar pressure, reducing household water bills.

TAJO-T

SECURITY 38°C®

A security device which prevents the control exceeding 38°C, providing a safe water temperature for all the family.

SAFETOUGH®

A safety feature which prevents the chrome plating of Roca's brassware overheating, eliminating the risk of scalding, ideal for family bathrooms.

FLOW REGULATOR

Includes flow regulator restricting the flow rate to 20 litres per minute operating at 3 bar pressure.

SQUARE PLATE

OVAL PLATE

QUICK REACTION®

Roca's thermostatic taps allow you to enjoy the required water flow and temperature in less than 3 seconds, both remain constant irrespective of variations of water pressure.

3 OUTLETS

The mixer can be used with an overhead shower, hand shower and maxiflow bath filler for a bath-shower solution or choose an overhead shower, hand shower and body jets for a luxury showering solution.

T-1000 SQUARE

SECURITY 38®

A security device which prevents the control exceeding 38°C, providing a safe water temperature for all the family.

SAFETOUGH®

A safety feature which prevents the chrome plating of Roca's brassware overheating, eliminating the risk of scalding, ideal for family bathrooms.

QUICK REACTION®

Roca's thermostatic taps allow you to enjoy the required water flow and temperature in less than 3 seconds, both remain constant irrespective of variations of water pressure.

ECO STOP

An ECO flow restrictor is included, reducing the flow of water, reducing household water bills.

GUARANTEE

5 year guarantee.

T-2000

SECURITY 38®

ROCABOX

UNIVERSAL

Can be used with manual or thermostatic built-in mixers, with single or dual outlets.

COMPACT

Minimum installation depth of 70mm (including stud wall measurement).

PROTECTIVE COVER PLATE INCLUDED

Shields against dust and dirt during building

WRAS

WRAS approved product.

DOUBLE SEALED

Double sealed superior water tightness.

2 OUTLETS

Multiple combinations can be created.

GUARANTEE

5 year guarantee.

INSTALLATION

Can be installed in solid or stud walls.

NOISE LEVELS

Includes a sound absorbing back plate reducing noise levels during operation.

COMPATIBILITY

Compatible with different Roca built-in mixers, including manual and thermostatic options.
